## MEASURES OF PREVENTION

For “Bubbles” or “Air Pockets” check the following:

- Ensure proper conditioning of the component materials for a minimum of 48 hours before pasting.
- Ensure the sufficient amount of adhesive on both the surfaces to be bonded.
- Ensure sufficient pressure to be applied over the entire area. Recommended pressure is 2.8 Kgs per centimeter square should be applied on bonded assembly.
- Ensure adequate care required while bonding such that adhesive surface are not “Over-dry” or “Under dry”. Follow Adhesive manufacturer’s recommendations.
- The ideal ambient temperature for bonding should be above 21 degrees C (70 degrees F).
- Before gluing the surface make sure that the should be clean, dry and free of oils or any other contaminants.
- Adhesive should be agitated or stirred properly before using.
- Limit vertical is agitated or stirred properly before using.
- Limit vertical application of maximum sheet size of 610x2440 mm (2x8 feet)
- Ensure expansion space in-between two laminate joints.

For “Cracking of Laminate” check the following:

- Ensure proper conditioning of Laminate/ Plywood.
- Ensure proper bonding.
- Ensure expansion of space.
- Poor Planning: due to rough/chipped edges, sharp corners, forced fittings, usage of nails instead of drilling, foreign objects in the glue line, etc.

## HOW TO GET CUSTOMIZED LAMINATES DESIGN

1. Just send the photography / art / landscape / portrait or whatever you want to get printed in the laminate to us in mentioned file formats - CDR or JPG or TIFF or PSD or EPS.
2. Preferably the resolution should be in 200 dpi or more, but if you have the lower resolution file than it will effect the printing.
3. The size of the panels are available in 8' x 4' ft so if you want the full design than it should be in full panel or proportionally fit. You can also have more than one design in the laminate.

## BENEFITS OF DIGITAL LAMINATE

1. Your imagination has no limit, think of a design and you can get it. Even you can put up your fondest memories, photos on your furniture surface.
2. Flexibility of getting even a single Digital Laminate sheet of your choicest design.
3. 100% customized design, Excellent quality with great finishes and yet in affordable range.
4. Corporate offices can think of using customized laminate designs based on their logo and house colours.
5. These laminates are completely ‘Maintenance Free’.
6. Unlike other design materials which have to be bought in certain fixed sizes leading to wastage, Bellano Digital Laminates can be ordered even for one laminate and that too can be cut & used as per requirement.

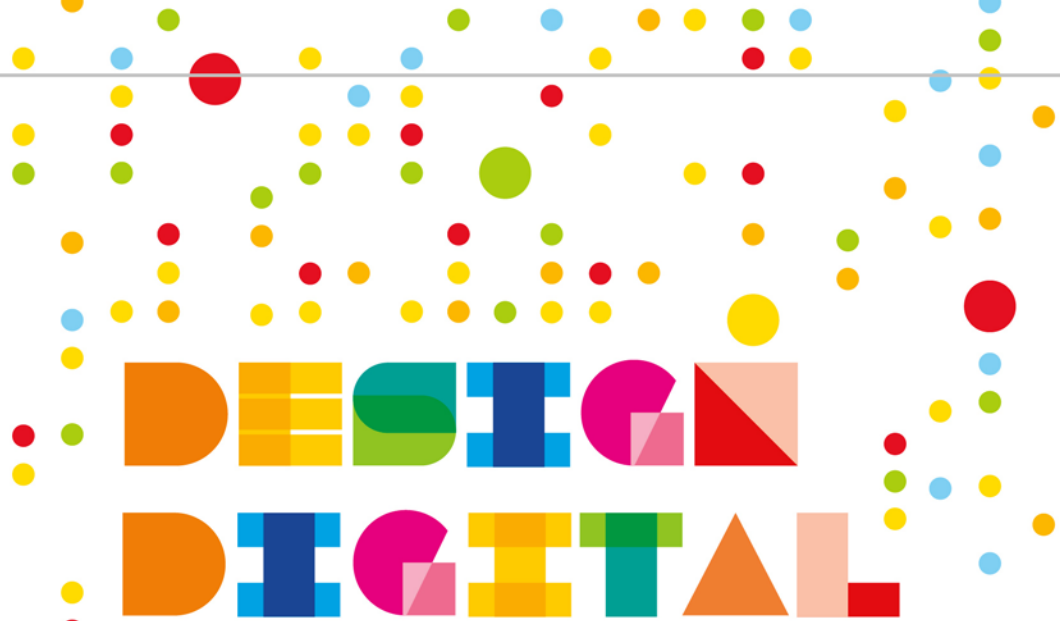

## DISCLAIMER

In our endeavour to get the actual color as there may be difference between the catalog and actual product due to different printing technologies. There may be slight colour variations in the colors of the laminate due to differences in the production batches. Kindly reconfirm your colour, design, and finishes with our dealers/distributors before placing your order.

In case of any claims, the liability of the company is limited to the cost of the product only.
